TWO THOUSAND TWELVE IS THE YEAR OF THE GIRL

November 2012 Regional Service Unit Team

- **Welcome and Introductions**
  Jamey Pratt, Director of Volunteer Development and Molly Gibeau-Griffin, Director of Development along with their staff as this month's guest speakers.

- **State of the Membership**
  Please continue to accurately maintain Service Unit Team records to ensure you are aware of the number of girls and adults that have been submitted to council.
  We continue to follow up on lapsed troops to support our goal of reaching 5 more girls per Service Unit as we look to strengthen the Girl Scout Movement throughout our seven county region.

- **Hot Topics**
  - Volunteer Development-Recruiting Adult Volunteers, Volunteer Management Process, New Awards and Recognitions
    Girl Scouts Heart of the Hudson actively recruits at colleges, Chamber events, volunteer fairs and local non-profit events to encourage potential volunteers to support GSHH throughout our pathway options. New award and recognitions are available to view on our website at 2013 Adult Awards and Recognitions. Nominations are due to any GSHH office by March 1, 2013 to be eligible for this year and will be awarded at our April 2013 Annual Meeting. If you are mailing your forms, please send them to our Kingston office at 65 St. James Street; Kingston, NY 12401.

  - Fund Development-Annual Giving Special Events and Money Earning
    Participation in our Annual Giving Campaign reflects the value families place on the Girl Scout experience for their daughters. Please have your Annual Giving Chair share with you page 22 in the Annual Giving Chair "How To" booklet for some time tested Special Events. By planning and participating in Money Earning Projects, girls build real-world skills that benefit their Troop/Group, Council, community and most importantly themselves. Please refer to all Council Money Earning Policies before Money Earning activities are executed.
