Put Yourself Out There!

Why go outside? Outside is a place to think outside the box, get outside our comfort zones, and look outside known possibilities. Better yet, it's accessible right outside your own front door, not just in national parks! Whether it's five minutes of outdoor meditation, writing a poem about nature, or jumping in five puddles, the outdoors are a great place for everyone, not just plants, to grow and improve their health.

Those are just some of the activities for girls of all ages in the Girl Scouts Love the Outdoors Challenge. Girl Scouts who participate unlock a fresh patch! Download our free activity page (available in English and Spanish) and venture outside.
