

## Celebrate National S'mores Day!

With an adult's permission to use the internet and supervision, click on the links to learn how to make a S'more in the microwave or in your own solar oven. Try out the rest of the activities! To order a fun patch email [jhanley@girlscoutshh.org](mailto:jhanley@girlscoutshh.org). Patches are \$1.25 each.

### What is a S'more?

The first known S'mores recipe of this delicious campfire treat was published in the Girl Scouts handbook *Tramping and Trailing With the Girl Scouts* in 1927. The snack was originally called "some mores." Who can eat just one?

**Make a S'more:** No campfire? No problem! Ask an adult for help to make a S'more in the microwave oven or solar oven! Follow the instructions below!

---

**Make a S'mores Swap -  
Follow these instructions!**

1. Cut both brown construction paper and cardboard into two 2" x 2" squares.
2. Put the brown square behind the tan square and rotate it so that the edges peek out. Glue it down. Repeat this step for the back of your S'more.
3. Fluff out the cotton ball or batting and glue it in between the front and back of your cardboard squares, making a sandwich.
4. Glue the googly eyes to the front of the S'more and draw in a smile. Poke the safety pin through the back square and it's ready to wear.
