# Digital Cookie 5.0

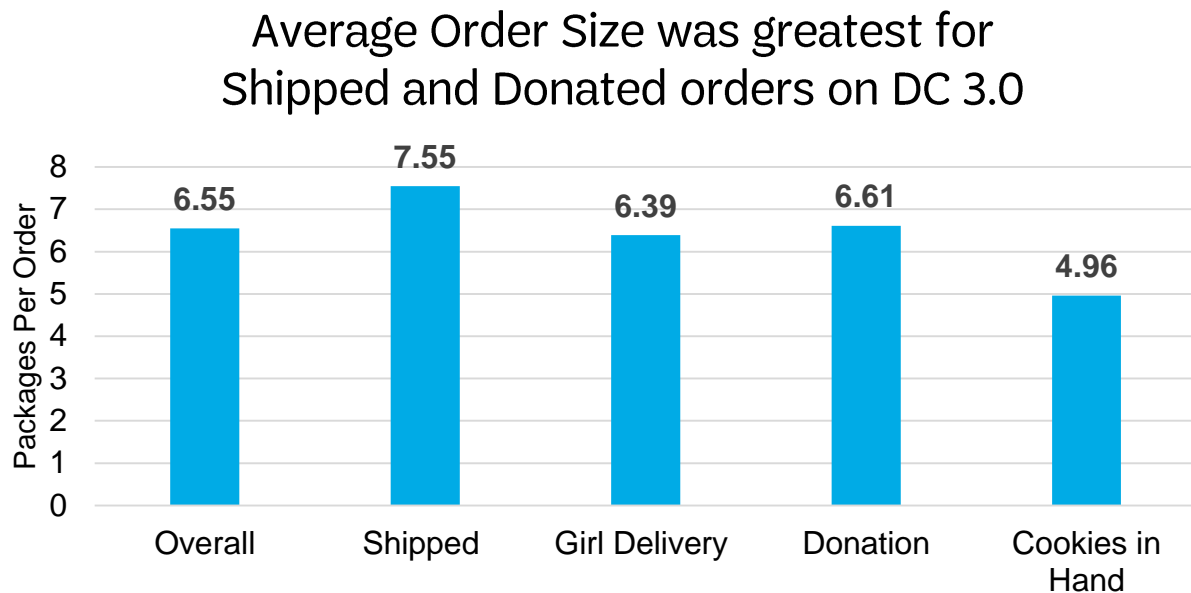

Why participate in Digital Cookie? Isn't the order card enough?

# Digital Cookie users gain the 5 Skills at greater rates than non-users.

- GSRI conducted surveys of girls from DC councils at the end of the season.
- Girls answered questions about the 5 skills on a five-point scale.
- On average, girls who participate in the cookie sale are developing the 5 Skills.
- Mean scores for Digital Cookie users are higher for all 5 skills, with statistical significance for People Skills and Goal Setting – girls are developing these skills at slightly greater rates.

# The average digital order size was 6.5 boxes, compared to 4.0 for traditional sales.

Order sizes include donated boxes combined with each delivery type.
