

Join the GSHH Techno Teams!

No experience necessary!

Welcome to the Techno Teams:

The Techno Chicklettes, Techno Girls, and Techno Chix!

We are long-standing Girl Scout Robotics teams that compete in FIRST LEGO League and FIRST Tech Challenge. We build robots, we code robots, and we have a whole lot of fun with STEM!

The Techno Chicklettes

- For girls in grades 2 through 5
- Learn about a real-world issue like saving our oceans
- Imagine how YOU can make a difference
- Build a LEGO model
- Program that model to MOVE!
- Present your discoveries and celebrate!

The Techno Girls

- For girls in grades 5 through 8
- Learn about a real-world issue like saving our oceans
- Imagine how YOU can make a difference
- Build a LEGO robot
- Program your robot to complete challenges
- Compete against and cooperate with other teams
- Understand what engineers do and repeat!

Visit our Open House!
Sunday, 9/20

Techno Chix: 2pm - 4pm

Techno Chicklettes and

Techno Girls: 3-5pm

**Scan the QR code or email us
for more details
Sunday afternoon meetings
through March**

The Techno Chix

- For girls in grades 8 through 12
- Design a robot
- Build the robot in our machine shop
- Program in Java
- Cooperate, compete, and mentor!
